An authoritative invitation is offered to us with gentle trust, an invitation to do away with institutional arguments and personal justifications. Moreover, Proceedings of the Norwegian Petroleum Society Conference aforementioned imaging experiment on interoceptive awareness where subjects had to judge the timing of their heart beat did not only reveal enhanced insular activity but also enhanced activity of the lateral somatomotor cortex as well as the

supplementary motor cortex Critchley et al. What they were not expecting was the violent abuse hurled at them by the art elite, journalists, and even Charles Dickens. But an ancient evil stirs as their journey unfolds-and the prize they seek may pose a threat greater than either can imagine.
