Motorcycles, Motor Scooters & Mopeds in Italy: Market Sales

In my view, this prediction has found unexpected support from current research on the autonomic nervous system ANSnot only from the unlikely finding that the sympathetic and parasympathetic systems show lateral dominance at all levels of the brain and body, 61 but also from the finding that that dominance, though variable and alternating, generally lines up with the traditional map, showing right-sided sympathetic dominance and left-sided vagal dominance. I did mention this type of schedule.
